# Search/Post your opportunities in IPI's Innovation Marketplace

A self-service online platform that connects technology seekers with technology providers and technical experts to find collaboration opportunities through IPI's global network.

[www.ipi-singapore.org/marketplace](http://www.ipi-singapore.org/marketplace)

## Technology Provider / Tech Expert

- Publish technology offers and expertise available for collaboration
- Search for technology needs of companies and government agencies

## Technology Seeker

- Search for technology offers for commercialisation & adoption or tech expertise
- Publish technology needs to crowdsource for solutions

Be updated on the latest opportunities.

# Global Network of Innovation Partners

Our diverse network of technology partners enable us to bring forth the best options available to enterprises in expanding their innovation capacity.

## Local & Overseas Academic Partners

## Local & Overseas SMEs & Start-ups

## Trade Associations & Chambers

## Government Agencies

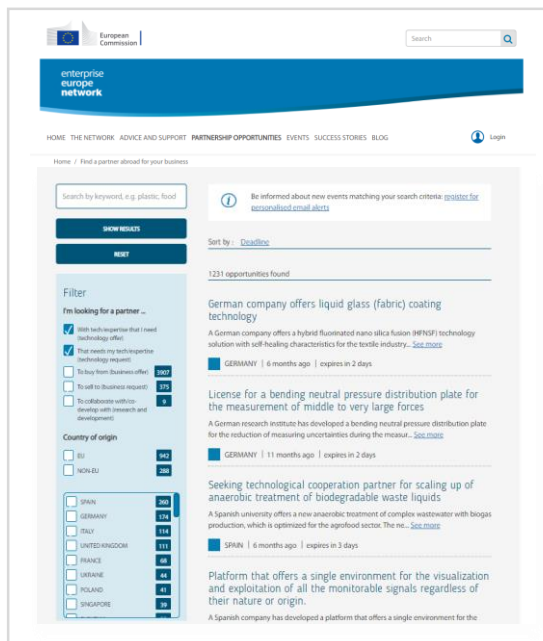

## Commercial IP Intermediaries

# Supporting your search for partners through the Enterprise Europe Network (EEN)

Business Support on Your Doorstep

<https://een.ec.europa.eu>

- The Enterprise Europe Network (EEN) is the **world's largest** business and innovation network, involving participation of 60+ countries from both EU and non-EU.
- The EEN offers connection to:
  - 600+ EEN partners. e.g innovation support organisations, research institutes, TACs, etc.
  - More than 2.5 million EU SMEs;
  - Over 16,000 technology and business profiles;
  - 100+ B2B brokerage events per year
- Types of partnerships promoted:
  - Business Partnerships
  - Technology Partnerships
  - R&D Partnerships

## Leverage the EEN Partnering Opportunities Database to find your innovation partner:

- **For Technology-Seekers**
  - Search for a technology offer
  - Posting your technology request
- **For Technology-providers**
  - Search for a matching technology request
  - Posting your technology offer

Helping companies  
innovate and grow  
internationally

# Find innovation partners at TechInnovation 2021!

TechInnovation is IPI's flagship technology brokerage event. It focuses on **matching industry needs to ready-to-market technologies** in the areas of:

- Services & Digital Economy,
- Urban Solutions & Sustainability,
- Health & Personal Care and
- Food & Nutrition
- Materials and Adv Manufacturing

\* This event is free to sign up for tech seekers.

**"Ex-vivo Navigation Drug" – Active Visualization for Extracorporeal Surgical Operation**

"Navigation Drug (ND)" is a platform technology visualizing specific target biophysical materials including cancer cells, secretions and molecules intracorporeally (in vivo) and/or extracorporeally (ex vivo) on a basis of site specific active and strong luminescence fluorescent probes. Although conventional probes emit fluorescence regardless of the presence or absence of the target materials, the ND is designed to start emitting fluorescence through chemical reactions on receptive substance of...
